## KNAUF DESIGN

Knauf Design bietet wegweisende und kreative Ideen zur Veredelung von Oberflächen der unterschiedlichsten Platten-Werkstoffe. Die Gipsfaserplatten der FIRELINE und die Alu-Verbundplatten der WATERLINE können im Digitaldruck mit Dekoren, Großformat-Bildern oder Ihrem Wunschmotiv versehen werden.

Ob fugenlose Dusche mit Wasserfallmotiv im Nassraum oder eindrucksvolle Gestaltung von Wohn- und Gewerberäumen: Unsere Produkte erfüllen nebst ästhetischen Ansprüchen auch höchste Maßstäbe hinsichtlich Brandschutz, Akustik oder Hygiene.

Knauf Design offers pioneering and creative ideas for refined finished surfaces with a wide range of panel materials. FIRELINE gypsum fibre boards and WATERLINE aluminium composite boards can be digitally printed with decors, large-format images, or your customized themes.

Whether it's a jointless design for a shower with a waterfall background in a wet room or impressive designs for living and commercial spaces: our products not only meet aesthetic requirements but also the highest standards in terms of fire resistance, acoustics or hygiene.

Mit dem Großformat-Scanner können Oberflächen nach Ihren Wünschen gestaltet werden. Egal ob Holz, Stein, Fliesen, Metalle oder andere Oberflächen. Die Scans werden zu individuellen Druckbildern oder Dekoren weiterentwickelt.

Our large format scanner allows us to custom design your surfaces, whether wood, stone, tiles, metals, or other surfaces. The scans are enhanced into individual print images or decors.
