

PFT CONTRAST CONE

The right perspective of machine operation

Filthy water flow meters complicate the setting and monitoring of the amount of water during operation of the mixing pump. With the retrofittable replacement cone of PFT you always keep a clear view.

TECHNICAL DATA

Part no.	00 53 67 18
Contrast cone for water flow meter	
Colour	red anodized
Material	Stainless steel Aluminium

ADVANTAGES AT A GLANCE

- Water amount always in view thanks to PFT contrast cone
- Matching colour to scale
- Cone even with pollution and algae visible

ACCESSORIES	PART NO.
Water flow meter 75 - 750 l/h complete	00 07 32 01
Water flow meter 100 - 1,000 l/h complete	20 18 30 00
Water flow meter 150 - 1,500 l/h complete	20 18 50 04
Water flow meter 250 - 2,500 l/h complete	20 18 50 01
