

Insulating Laminates

Knauf Thermal Laminate

Knauf insulating laminates provide an efficient way to achieve instant energy savings, while maximising room space. All Knauf Insulating Laminates offer simple solutions to meet the requirements of the Building Regulations for walls as well as room-in-roof situations for new build and refurbishment projects. Knauf insulating laminates reduce CO² emissions as well as reducing energy expenditure, offering short payback periods. Knauf insulating laminates are supplied with a tapered edge for direct decoration or plaster finish and can be installed using either Knauf Plasterboard Adhesive and mechanical fixings.

Knauf Thermal Laminate offers good levels of thermal insulation by combining 9.5mm Knauf Wallboard with high-quality polystyrene which is both CFC and HCFC-free. This product is ideal for use in both refurbishment and new build.

Compliance: EN13950.

Tapered Edge

Dimensions (mm)			Material No.	Pallet Details		
Thickness	Width	Length		Boards	m ²	Tonnes (Approx.)
22	1200	2400	243596	46	132.5	0.87
30	1200	2400	243597	32	92.2	0.64
40	1200	2400	243598	25	72.0	0.50
